

CONTENTS

Review Analysis

Intelligent Tower Crane: Technical Analysis of Key Features and Remote Control System.....	1
An Arduino-Based Robot for Teaching Drawing and Painting.....	7

Application Demonstration

Ethical Scrutiny and Legal Boundaries of AI.....	13
Analysis of Application Status of Spinning Industry Robot.....	18
Research on the Construction of Music Performance Robot Based on Beat Recognition.....	26

Frontier Prospects

AI Insights: Minimum Wage Hikes and Robot Adoption Trends Toward 2035 Industrialization.....	35
AI & Neuroenhancement: Ethical Challenges and Strategies.....	47
AI-Powered Basketball Action Recognition: Enhancing C3D with Dynamic Residual Attention.....	61
